EXHIBIT "C"

Reference is made to the fact that Pembroke Lakes, Ltd., a Florida Limited Partnership, whose address is P. O. Box 8420, Pembroke Pines, Florida 33024 has heretofore paid for the construction and erection of a one MGD Sewage treatment plant, (together with other developers,) to serve all of the land owned and heretofore owned by it, including the subject property. If the Grantee, its successors and assigns shall find it necessary to use such sewage disposal facilities, the Grantee will be obligated to refund to the said Pembroke Lakes, Ltd., a proportionate share of the cost of constructing such facilities computed at the rate of \$216.00 per ERC (equivalent residential connection.) Should the Grantee make arrangements for sewage disposal facilities separately and independently of these facilities, the Grantee shall have no obligation to make any use of such facilities, nor shall the Grantee be obligated to make any payment on account thereof as referred to in this paragraph.

It is a condition of this conveyance that prior to the commencement of any site work on the subject property proposed to be done by the Grantee, its successors and assigns, the Grantee will submit to the said Pembroke Lakes, Ltd., copies of all development work plans and specifications, prepared by a licensed engineer, for the approval of Pembroke Lakes, Ltd. whether the land be developed as a platted or unplatted single-family district. Pembroke Lakes, Ltd. shall have fifteen (15) days within which to give its approval or disapproval of such proposed plans and specifications and agrees not to unreasonably withhold such approval. Should it not respond within such period, then the plans shall be deemed to have been approved by it. If it shall refuse to approve the said plans and specifications, then the Grantee, its successors and assigns, agrees to have its engineer make such changes as may reasonably be requested or required on the part of Pembroke Lakes, Ltd. to the end that it will be willing to approve such plans and specifications. In the event any irreconcilable dispute shall exist with respect to such approval, a Board of three engineers shall make the decisions, the engineers to be used for such purpose to be one selected by Pembroke Lakes, Ltd., one selected by Grantee, its successors and assigns, and a third to be selected by both of them; and the decision of any two of such three shall be binding on the parties hereto. Each party shall pay the expense of its own selected engineer, and they shall divide equally between them the expense of the third selected.
